Please be advised that the Department of Resources Recycling and Recovery (CalRecycle), acting as the Solid Waste Enforcement Agency (EA) for Stanislaus County, has received and approved a Report of Facility Information (RFI) Amendment per Title 27, California Code of Regulations (27 CCR), Section 21665(c). This public notice was prepared pursuant to Title 27 CCR 21660.1.

Project Description

Recology Blossom Valley Organics North - Hammett is an existing green waste compostable materials handling facility operating under a full Solid Waste Facilities Permit issued on March 13, 2012. The application package to amend the RFI requests the following changes: updates to personnel; updates to peak loading; updates to signage; and updates to composting activities.

The EA finds that the proposed changes are consistent with all applicable certified and/or adopted California Environmental Quality Act (CEQA) documents, is consistent with State Minimum Standards, and does not conflict with the terms and conditions in the current Solid Waste Facilities Permit.
